

FAMILY RUN AND PROUDLY SERVING SAUSALITO AND SURROUNDING AREAS FOR OVER 40 YEARS!

OCTOBER IS HERE! THE A&A TEAM IS READY TO HANDLE YOUR SERVICE AND REPAIR NEEDS—KEEPING EVERYTHING RUNNING SMOOTHLY THIS FALL!

REPAIR NEWS

Get Your Vehicle Fall-Ready with A&A Automotive!

As **October** ushers in fall, it's **time to prepare** your vehicle for the changing season! The team at **A&A Automotive** is here to ensure your car is ready to tackle whatever autumn throws your way.

First on the list is **tire care**. Whether you need a full inspection, a tread check, or a switch to all-season or winter tires, **we've got you covered for optimal safety on the roads**.

Next up, don't forget about your **brakes and battery!** Colder weather can affect braking performance and put added strain on older batteries, so a thorough check is essential.

To keep you cozy and safe, we also focus on **heating and defrost system tune-ups**, making sure you're prepared for chilly mornings. We'll **top off important fluids** like antifreeze and windshield washer fluid and **replace worn wiper blades** to **enhance visibility** during those rainy days.

Finally, **alignment and suspension checks** are **crucial** for maintaining **safe** handling as road conditions shift.

At **A&A Automotive**, we're dedicated to keeping you **safe and comfortable** this fall. Book your appointment today and hit the road with confidence!

Come visit us soon to make sure your vehicle is all set for the changing season!
